

SAFESPEAR

THE SHARP END OF SAFETY

COCOON HABITAT TOOLSTOP

The SafeSpear Cocoon Pressurized Habitat with the Einstein Control System empowers your team with unparalleled safety and flexibility in hazardous environments. Experience peace of mind knowing that your welding scope is safeguarded with our innovative Toolstop solution.

Introducing our cutting-edge Toolstop device tailored for hot work equipment. This revolutionary system ensures optimal safety and reliability by immediately responding to alarm situations detected by the control system. The modular and linkable options are designed to seamlessly integrate with each welding setup. With its lightweight and compact design, this device provides ergonomic convenience without compromising on protection.

Technical Specifications

Certification	ATEX, IECEx & UKEX
Zones	1 & 2
Temperature Range	-40°C to +55°C
T-Rating	T4
Supply Voltage / Current Options	1x 400-480VAC 32A 3P+E 1x 400-480VAC 32A 3P+N+E 2x 230VAC 16A 1P+N+E 2x 110VAC 16A 1P+N+E
Automatic Protection	RCBO LED output
Modular Connections	Connection to Einstein Linkable Externally resettable RCBO
Cable	10m HOFR cable
Dimensions	730mm x 650mm x 230mm
Weight	25-35kgs

APPLICATIONS

LNG Refineries

Offshore Platforms

Chemical Plants

Shutdowns & Turnarounds
